

Management Information Systems (BS)

This program is offered by the George Herbert Walker School of Business and Technology/Computer and Information Sciences Department. It is available online, at the St. Louis main campus and at select international campuses. Please see the Locations Offering Undergraduate Programs section of this catalog for a list of campuses where this program is offered.

Program Description

The bachelor of science degree in management information systems integrates technology and business concepts, providing students the knowledge and skills they will need to solve current and future IT related business challenges.

The BS in Management Information Systems is accredited by the Accreditation Council for Business Schools and Programs (ACBSP).

Learning Outcomes

Upon completion of the program, students will be able to:

- Demonstrate mastery of information systems management in the following core areas:
 - Application of information technology solutions.
 - Project management.
 - Data and information management.
 - Core business concepts.
- Write and orally communicate technical material effectively and professionally.
- Apply problem-solving skills and the knowledge of information systems management to formulate solutions.
