Leigh Gerdinge College of Fine Arts/Music Department

The **Special Study Opportunities** section have been updated with the following language:

The Department of Music seeks creative students involved in the art of music in the areas of composition, performance, or teaching who value the enrichment afforded them by a liberal arts university. Webster University is an accredited institutional member of the National Association of Schools of Music.

The Department of Music offers music courses and ensembles to all Webster University students so that they may acquaint themselves with music as one aspect of their culture, either as appreciative listeners or as trained participants. The department offers state-approved curricula for the preparation of teachers of music in the elementary and secondary schools. The primary focus of the department is instruction designed to prepare students for careers in composition, jazz studies, music education, pedagogy, and performance. Students are also encouraged to avail themselves of several significant study opportunities in Europe and Asia, and summer workshops offered through the Department of Music.

Complementing the substantial musical environment of St. Louis, a full and varied concert season is offered by the department. The season includes student and faculty recitals, as well as performances by guest artists and student ensembles.

The University supports a number of performing groups including Concert Choir, Jazz Singers, Chamber Singers, Webster University Chamber Orchestra, Opera Studio, Jazz Collective, Jazz Ensembles, Percussion Ensemble, Wind Ensemble, and the New Music Ensemble. The department also provides various chamber music ensembles.

Dutch-Accredited Degree Programs

Several changes have been made to these programs, primarily to accommodate inclusion of Global Citizenship Program general education requirements. They should read as follows:

Undergraduate Catalog Addendum/Errata

Dutch-Accredited International Business and Management Degree (IBMS)

(Leiden campus only)

Program Description

This program provides an opportunity for students to concurrently obtain a Dutch University of Applied Sciences degree and an American bachelor degree from Webster University. The program follows the Webster University undergraduate requirements for the management and business curricula with special additional requirements added for Dutch Accreditation purposes.

The Dutch accredited International Business and Management Studies (IBMS) degree program is only offered at the Leiden campus and leads to the Dutch HBO Bachelor in International Business and Management Studies, with a study specialization (afstudeerrichting) in either International Business, or Marketing Management, or General Management, or Business Administration.

Enrollment in the Dutch IBMS program is only possible in conjunction with Webster University's Bachelor of Science in Business Administration, Bachelor of Arts in Management without Emphasis, Bachelor of Arts in Management with Emphasis in International Business, and or Bachelor of Arts in Management with Emphasis in Marketing programs.

Program Acceptance

Any student already accepted to Webster University and in academic and financial good standing can enter the Dutch accredited IBMS degree program. The student must declare this degree program through the Leiden campus.

Program Dutch Authority Registration

First year applicants/students who wish to apply for Dutch Financial Aid are required to register with the Dutch Central Register for Higher Education (DUO-IB Groep). Details from the Leiden campus.

Program Residency Requirements

Students in this Dutch-accredited IBMS degree program have a residency requirement of 30 Webster credits at the Webster Leiden campus. Fifteen of these credits must be from the last 18 credits completed prior to graduation (including the capstone course and portfolio requirements).

Program Academic Policies

- Students must follow all Webster University Academic Policies and Information contained in the IBMS handbook (available from the Leiden campus website).
- No more than one course (3 credit hours) completed with a grade of D may count toward fulfilling the specific requirements of the degree program.
- From 2012-13, students follow the Global Citizenship Program (GCP) guidelines for general education (see Academic Policies and Information). Courses with a grade of C- or better will satisfy GCP requirements.

Probation and Dismissal for this Dutch IBMS degree program have been modified in the following manner:

- A student who does not earn a minimum of 24 credits (48 EC) in their first year will be dismissed from this degree program.
- A student may be placed on academic probation only after completing the 3rd term of study at Webster University.

- A student on academic probation may be dismissed only after completing the 5th term of study at Webster University.

Special Program Academic Requirements and Information

Students declaring the Dutch accredited IBMS degree program as their major are required to do a 6 credit internship (MNGT 4950 or BUSN 4950), which may also be completed at other Webster campuses. Furthermore, the IBMS program requires students to complete a portfolio which is built around a sequence of 1- or 2-credit courses and concluded with a portfolio review and presentation in GNST 4000. The portfolio functions as an overview of the major and is presented before a panel of peers and faculty, including the Head of Department. The portfolio serves multiple objectives: it asks the student to reflect on his/her choice of courses (electives, general education courses, possible minors), it connects the student's research and academic development with his/her professional development, and embeds the notion of the liberal arts firmly into the program. The student's career orientation is further enhanced by attending a "capita selecta" of career and special events, guest lectures, and library readings organized in Leiden. The student is asked to submit a c.v., include three of his/her best papers from different years plus the final paper of the capstone course, and include the internship report. The portfolio also allows for personal integrated career path coaching.

Assessment Policy of School of Education

All programs in the School of Education use key assessments in specific courses to evaluate and promote student achievement of specific learning outcomes. In all courses that use key assessment assignments, students will see on each syllabus the standards that are used for assessing their academic performance. In addition, all faculty and students are expected to use the web-based TK20 Assessment System for the submission and evaluation of key assessment assignments; TK20 serves as the school's electronic assessment system. Students may contact their advisors, if they have further questions.

Course Descriptions

The following course descriptions have been added to the catalog:

ART 1700 Fine Art Photography (3)

Fine Art Photography is an introductory art photography class dealing with conceptual, historical and practical bases of photography as used in art practice. Students will begin to understand and interpret photographic imagery, practice critical thinking and discover the possibility of camera-made and constructed images. Lectures will introduce the work of noted photographers, and the evolution of aesthetics and theory associated with the history of the medium, and will examine the impact that the photographic image exerts in contemporary art. Students will learn the technical skills that they will need to use a 35mm manual camera, process black and white negatives and make black and white prints. Classes will consist of slide presentations on contemporary photographers, discussions, demonstrations, and hands on work time.

HIST 1120 The Ancient World (3)

This course will trace the beginnings of civilization in the ancient world, from the first urban societies in Mesopotamia 5500 years ago to the independent development of such societies elsewhere. Geographically, it will range from the Atlantic to the Pacific, encompassing Europe, Africa, Asia, and the Americas. The focus will be on differentiating between universals of complex society formation and unique responses to situations peculiar to individual cases.

INTL 3030 Advanced Studies in International Law (3)

The course examines a specialized area of international law in terms of the relevant treaties and court cases that have been adjudicated in national courts, international courts and other types of legal bodies. The course also pays close attention to the interplay of international politics and international law. Approved topics include international human rights law, international humanitarian law, international criminal law, international refugee law, international environmental law, space law, diplomatic law, and the law of the sea. Prerequisite: INTL 2030.

MULC 2000 Topics in Multicultural Studies (3)

This course provides an opportunity to examine topics of interest within multicultural studies. Content will vary and will include

particular focus on race, sexual orientation, age, ability, ethnicity, religion, and other aspects of diversity. May be repeated for credit if content differs.

SCPT 4700 Professional Development in Scriptwriting (3)

Students will learn the elements of marketing their original scripts to the film and television industry and of making a career as a writer in film or television. The course will teach the basics of pitching stories, writing script coverage, as well as refining your work to create a professional portfolio.

College of Arts & Sciences/Biological Sciences Department

The **Special Requirements** section should read (underlining indicates text added):

Science courses taken more than 10 years ago may not count as the prerequisite for certain advanced courses.

Students in Pre-Professional Programs such as Pre-Med, Pre-Vet, Pre-Dental, Pre-Athletic Trainer should take Human Anatomy & Physiology, BIOL 3010, 2011 and BIOL 3020, 3021.

Transfer students must complete a minimum of 18 credit hours at Webster University within the Biological Sciences Department. This must include BIOL 4400 and BIOL 4430 and 12 credit hours of 3000-4000 level courses in biology or chemistry.

Required courses must be completed at Webster University once the student begins to matriculate at Webster University. Transfer courses taken prior to enrollment at Webster University may be used to substitute for required courses if accepted by the chair.

No more than 6 credit hours of independent study and/or reading courses may count toward the required biology hours. Coursework completed with a grade of "D" may not be counted toward the fulfillment of departmental requirements.

Course Descriptions/PHIL

The following course descriptions should be included in the catalog:

Undergraduate Catalog Addendum/Errata

PHIL 1200 The Meaning of Life (3)

This course explores what makes life meaningful from several perspectives, including western and eastern philosophical perspectives, theistic and atheistic perspectives, social and political perspectives from different cultures, both inside and outside the United States. Commitment to cultural values creates differences that often cause hostilities. This course aims to help students understand cultural values other than their own in order to promote an appreciation of and tolerance for cultural differences.

PHIL 2000 Making Decisions (4)

There are significant tensions between how we ought to decide (or how decision theory tells us we ought to decide) and how we in fact decide. This course reviews ideal methods for decision making, ways that decision makers habitually fall short of the ideals, and how decision theory can be applied in ordinary life to make more rational decisions and achieve better outcomes. Topics include mental and social impediments to good decision making, probabilities, risk, games, and bargaining.

Tuition, Fees and Refunds

The fourth paragraph under the **Payment** section has been revised to read:

Students are encouraged to make electronic check payments online, but personal checks made payable to Webster University are also accepted. A \$30 returned payment fee is charged if payment is returned. Webster also accepts MasterCard, Discover, VISA, and American Express payments online with a 2.75% convenience fee.
