Academic Policies and Information - Baccalaureate Degree Requirements

The **Baccalaureate Degree Requirements** section should read:

To earn a bachelor's degree, students must:

- Complete at least 120 total credit hours
 - At least 30 of the last 36 credit hours must be earned in residence at Webster University.
 - Credit for assessment of prior learning or departmental credit by exam is considered in residence.
- Earn a cumulative Webster University grade point average of 2.0 or better.
- Satisfy the requirements of a major. Options include:
 - A major in a department.
 - An approved self-designed interdisciplinary major (SIM).
- Meet the requirements of the Global Citizenship Program (GCP).

Bachelor's degrees are awarded in May, August and December.

Students must meet the requirements in effect at the time of their matriculation as degree seeking students. Students leaving the University for more than one calendar year must be readmitted and will follow the requirements in effect at the time of their readmission.

Academic Policies and Information - Honors at Graduation - University Academic Honors

The **University Academic Honors** section should read:

University Academic Honors (summa cum laude, magna cum laude, cum laude) are awarded, based on recommendations of the faculty Honors Board, to students who have achieved a high grade point average (GPA) across the curriculum. In determining University Academic Honors, the GPA includes any transfer courses used by the student to reach 120 credit hours. Because the Webster University permanent student record shows GPA based on Webster University courses only, students should consult a grade point calculator to determine their college career GPA for purposes of University Academic Honors.

Undergraduate Catalog Addendum/Errata

Students whose transcript include the following three criteria will be awarded honors:

- A minimum of 45 graded credit hours at Webster University
- A minimum of 90 graded credit hours accumulated in the entire college career
- A minimum cumulative grade point average of 3.7

Students who have been found guilty of academic dishonesty by the Academic Honesty Board are not eligible to receive honors.

(Note: graded credit hours excludes grades of P and CR; cumulative grade point average includes all Webster University courses plus any transfer courses being used by the student to attain his/her 120 credit hours.)

Department chairs, academic directors and/or campus directors (as appropriate) may nominate exceptional students whose transcripts do not include 45 graded hours at Webster University or 90 graded hours accumulated across their college career. The third criterion above, a minimum cumulative GPA of 3.7, must be met. The Honors Board will consider these nominations for Honors based on a demonstration of excellent academic work in the ungraded credit hours, both in the field of study and in other disciplines. The chair/director nominating the student must provide a narrative presenting the student's exceptional academic work in the ungraded credit hours.

The type of honor awarded will be determined on the basis of the following GPAs:

GPA	Honor
3.70-3.79	<i>cum laude</i>
3.80-3.89	<i>magna cum laude</i>
3.90-4.0	<i>summa cum laude</i>

University Academic Honors are awarded upon completion of all degree requirements. Webster University notifies students that they have been awarded Honors (if they have completed their degree requirements) or that that they have tentative Honors (if they have not yet completed their degree requirements). Upon completion of all courses and degree requirements, students who received notice of tentative Honors are notified of their final Honors status.

University Academic Honors are recorded on the permanent student record and on the diploma.

Academic Policies and Information - Transfer Credit - Requirements for Transfer Credit

The bulleted list under the **Requirements for Transfer Credit** section should read:

- Official transcripts or other documentation of all previous study must be submitted to the Office of Admission at the time of application.
- The University accepts a maximum of 90 credit hours of transfer work toward a bachelor's degree unless that work includes significant lower-division work.

- If the transfer work includes significant lower-division work, the University accepts a maximum of 64 credit hours from any combination of the following:
 - Credit hours from community colleges, unless the credit hours are part of a successfully completed associate degree program from a regionally accredited institution.
 - Credit hours completed in programs designated by Webster University as lower-division.
 - Credit hours included in the 32-credit-hour maximum awarded for first year (freshman) work earned through any combination of International Baccalaureate, Advanced Placement and other designated 13th year programs normally completed prior to enrollment at the University.
 - Standardized tests designated as lower-division.
- Duplicate coursework does not transfer.
- Transfer credit hours do not count toward the University's residency requirement. The residency requirement is the completion of 30 credit hours of the last 36 credit hours prior to graduation.

Academic Policies and Information - Transfer Credit - Transfer of Associate Degrees

The second paragraph of the **Transfer of Associate Degrees** section should read:

Transfer students must meet the University's minimum residency and graduation requirements. While students with associate degrees typically transfer 64 credit hours -- approximately the first two years of the baccalaureate educational experience -- students may transfer in up to 90 credit hours as part of the completed associate of arts degree. Transfer for additional lower-division credit beyond the associate degree is restricted.

Academic Policies and Information - Transfer Credit - Transfer of Associate Degrees - Associate Degree Registered Nurses

The second paragraph of the **Associate Degree Registered Nurses** section should read:

Webster University may accept up to 90 lower-division credit hours, including lower-division credit hours earned beyond the first associate degree and for credit by examination, for RN students seeking a bachelor of science in nursing (BSN). This may include credit hours advanced by the community college for licensed practical nurse (LPN) advanced placement. Refer to the Nursing department for more information.

Academic Policies and Information - Undergraduate Grading Policy - Grading System - Grade Points and Grade Point Average (GPA)

The **Grade Points and Grade Point Average (GPA)** section should read:

A grade point average (GPA) is calculated and is recorded on the student record. The GPA is based only on work taken at Webster University. However, for determining University Academic Honors, GPA includes any transfer credits a student used to reach 120 hours. (See University Academic Honors, below.)

CR (Credit awarded), Pass (P), Incomplete (I), Withdrawn (W) or Waived (WV) are not used in calculating the GPA. If a student repeats a course, the most recent grade is used to calculate the GPA.

Undergraduate Catalog Addendum/Errata

Enrollment - Course Load Guidelines

The first paragraph of the **Course Load Guidelines** section should read:

The recommended academic load for full-time students is 15 credit hours each semester. Fifteen credit hours for eight semesters total the 120 credit hours required for a degree. For students enrolling in 8-week terms, the recommended academic load is two to three courses per term (6-9 credit hours). Students in good academic standing must request written approval from the Academic Advising Center to enroll in more than 18 credit hours in a single semester (or more than 9 credit hours in a term). Students who take more than 18 credit hours are charged for the additional credit hours at the per-credit-hour rate.

Financial Information - Academic Scholarship Renewal

The **Academic Scholarship Renewal** section should read:

Webster University scholarships are renewable if the recipient makes satisfactory academic progress as defined in the scholarship contract, maintains continuous enrollment in a minimum of 13 credit hours each semester at Webster and has not exceeded eight full time semesters for freshmen and four full time semesters for transfer students. Student records are checked at the end of the spring semester to determine whether the recipient has achieved satisfactory academic progress for renewal.

Financial Information - Satisfactory Academic Progress - Maximum Time-Frame

The **Maximum Time-Frame** section should read:

Degree requirements must be completed within a specific time frame. The maximum time frame for an Undergraduate Degree at Webster University is 180 credit hours (120 credit hours x 150%). Hours earned at Webster as well as hours transferred and accepted by Webster are considered in this time frame. Any student who has exceeded the maximum time frame and/or who mathematically cannot finish the program within this period will be considered ineligible for financial aid. Webster University understands students may change their educational goals and programs of study, and additional education is often needed to enhance career opportunities. These students may provide a written request for reevaluation of their status.

Nursing (BSN)

The **Transfer Credit for the RN to BSN Program** section should read:

Webster University may accept up to 90 lower-division credit hours, including lower-division credit hours earned beyond the first associate degree and for credit by examination, for registered nurse (RN) students seeking a bachelor of science in nursing. This may include credit hours advanced by the community college for licensed practical nurse (LPN) advanced placement. Please refer to the nursing department for more information.

Pre-Professional Programs - Pre-Occupational Therapy

The bulleted list under the **Pre-Occupational Therapy** section should read:

- Complete a minimum of 90 credit hours toward the declared Webster undergraduate degree, with at least 30 of those

credit hours taken in residence at Webster University, and two years at Washington University.

- Complete the Webster University global citizenship program and the requirements for their undergraduate major at Webster (biology BA, biology BS, exercise science BS, psychology BA or psychological science BS) prior to entering the Washington University program.
- Apply to the Washington University School of Medicine Occupational Therapy Program. Most students apply in early fall of their junior year. A summary of the application requirements are listed below. Interested students should examine the materials on the Washington University site to make sure they have the most current set of admission requirements (<https://www.ot.wustl.edu/education/3-2-program-143>).
 - 3.25 cumulative GPA is required for admission into the MSOT program.
 - Complete (grade of B or better) a set of prerequisite courses (Life Science, Physiology, Developmental Psychology, Abnormal Psychology, Statistics and a Social Science Elective) prior to admission to the occupational therapy program.
 - Complete a minimum of 30 hours of OT-related experience or observation. It is strongly recommended, but not required, that a portion of the hours include observation with an OT.
 - Complete the GRE within the last five years. Current scores are available on the Washington University admission site. However, GRE scores are one of many factors considered in the admissions process.
 - Request three letters of recommendation - one from a faculty member or academic advisor, one from someone involved in your observation experience, and one from another person of your choice (not a family member or friend).
 - Demonstrate an understanding of OT and exhibit excellent writing skills in the application essay.
 - Participate and evidence leadership in extracurricular activities.
 - International students: TOEFL and TWE taken no more than one year prior to application.
 - Students should have completed four of the six MSOT prerequisite categories at the time of their application to the MSOT program at Washington University (typically in early fall of their junior year), and will complete the remaining two by the end of the fall semester of their junior year at Webster University.
 - The application and three letters of recommendation must be submitted to OTCAS (centralized application system) by January 15th of the student's junior year at Webster. Official GRE scores must also be sent to the Washington University OTCAS number at #0081 by that date. See the Washington University site for more information (<https://www.ot.wustl.edu/education/3-2-program-143>).
- Submit a petition to graduate from Webster University upon earning a minimum of 120 credit hours (after year 1 or year 2 at Washington University). Note that petitions are due each February for a May graduation date. The official transcript from Washington University with final grades must be submitted to the Registrar's Office at Webster upon the conclusion of the spring semester.

Academic Policies and Information - Class Attendance

The third paragraph of the **Class Attendance** should read:

In extraordinary circumstances, students may be eligible for an Incomplete grade. For more information, please see Incompletes in the Undergraduate Grading Policy section below. Students must also meet with their academic advisors to best understand options within their program of study. Students are encouraged to complete their courses, but dropping a course or seeking a withdrawal may be in the best interest of the student. For information on the tuition refund policies following drops and/or withdrawals, please see the Financial Information and Tuition, Fees and Refunds sections of this catalog.

Nursing (BSN)

The **Program Description** section should read:

The bachelor of science in nursing (BSN) program is designed for the registered nurse who wishes to advance his or her knowledge in nursing, the sciences and the liberal arts. The program helps the registered nurse develop analytic and communication skills for professional excellence.

The BSN curriculum focuses on holistic health promotion for the individual student, the profession, the individual client, the family, groups and the community. There is a strong emphasis on the nurse's personal development, the needs and future of the profession and the broad, accountable nursing role that is needed and expected by today's health care consumer. The program prepares the registered nurse for generalist nursing practice. A variety of faculty members, student experiences and learning

environments are used to meet program and individual student goals.

The program is tailored to working adults, offering part-time enrollment and eight-week terms. To accommodate individuals' unique learning preferences, classes are offered in two formats: face-to-face or online. Eligible students attend evening face-to-face classes at our St. Louis-area corporate partner sites. Typically, students complete the core nursing curriculum in 2 to 2.5 years depending on if courses are taken in the summer. Frequently, students must take additional Global Citizenship Program and/or elective courses to fulfill degree requirements. Nursing faculty advisors discuss additional requirements during the admission interview.

Paralegal Studies (Certificate)

The program description and learning outcomes for the **Paralegal Studies** certificate should read:

Program Description

The paralegal certificate is approved by the American Bar Association (ABA) and is the only ABA program in the St. Louis area. The certificate is designed to meet the ever-changing needs of the paralegal profession and prepares students to enter the legal profession. We offer a solid, broad-based education including legal specialty courses. Students will learn both the theoretical and practical aspects of the law as they gain paralegal knowledge and an understanding of the ethical framework in which legal professionals function.

Learning Outcomes

Upon completion of the certificate, students will be able to:

- Demonstrate the fundamentals of legal reasoning and analysis.
- Comprehend the Code of Professional Responsibility to be able to address ethical dilemmas faced by lawyers and legal assistants.
- Master the skills and knowledge necessary for understanding legal issues working from both theoretical and practical applications.
- Explain the essential goals of legal researching, legal and logical reasoning and begin to develop legal writing skills.
- Be able to apply the theory of legal research and writing to practical problems encountered in a legal environment.
- Distinguish the significant role that legal assistants/paralegals have in the legal world and the practical skills necessary to function in it.

College of Arts & Sciences - Nursing Department

The **Department Mission** for the **Nursing Department** should read:

The bachelor of science in nursing (BSN) program is designed for registered nurses who wish to advance their knowledge in nursing, the sciences and the liberal arts. The program helps the registered nurse develop analytic and communication skills for professional excellence.

The BSN curriculum focuses on holistic health promotion for the individual student, the profession, the individual client, the family, groups and the community. There is a strong emphasis on the nurse's personal development, the needs and future of the profession, and the broad, accountable nursing role that is needed and expected by today's health care consumer. The program prepares the registered nurse for generalist nursing practice. The faculty strives to create a dynamic, interactive learning environment. A variety of faculty members, student experiences and learning environments are used to meet program and individual student goals.

The baccalaureate nursing program at Webster University located in Saint Louis, Missouri is accredited by the Accreditation Commission for Education in Nursing (ACEN)

The program is tailored to working adults, offering part-time enrollment and eight-week terms. To accommodate individuals' unique learning preferences, classes are offered in two formats: face-to-face or online. Eligible students attend evening face-to-face classes at our St. Louis-area corporate partner sites. Typically, students complete the core nursing curriculum in 2 to 2.5 years depending on if courses are taken in the summer. Frequently, students must take additional Global Citizenship Program and/or elective courses to fulfill degree requirements. Nursing faculty advisors discuss additional requirements during the admission interview.
