NOTE from Music department: "The Department of Music offers 1- and 2-credit applied instruction to all students who have previous high-school level lessons and have the ability to read music adequately. Lessons are given in voice, piano, classical guitar, and all orchestral and jazz instruments. Please email Jean Huber at huberje@webster.edu to arrange for enrollment. Additionally, the Department of Music offers 1-credit performance choral, jazz, and instrumental ensembles open to all, as listed on the course schedule. Please see the course listing, looking at the ensembles in the MUSC 4900-4990 section. Information about ensembles is available at <http://legacy.webster.edu/music/ensembles/>. Please do consult the website and contact the instructor before enrolling. Finally, the Department of Music offers piano lab classroom instruction in piano for those not ready for collegiate piano study. MUSC 1080/06 is for those just discovering the piano, while all other MUSC 1080 sections assume some previous piano lessons somewhere in childhood or teenage years. A Beginning Guitar Class (MUSC 1090/01) requires that you have your own acoustic guitar, but begins at a rudimentary level."
