Deliverables
To successful complete this course, students are required to provide analysis of 2 case studies and the capstone strategic plan for the selected organization.

Weekly Discussion Questions Participation
Case studies
Students will perform a case study analysis on 2 organizations (selected organization will be other than the organization selected for the final strategic management plan). Each case study will be worth 10 points: Students are expected to thoroughly review the case study requirements and create a PowerPoint presentation analyzing the selected organization. Case studies are due in week 3 and week 5.

Strategic Plan for the Selected Organization

Week 2: Strategic Plan Preparation
Deliverable 1: Choose an organization as the focus for the Strategic Plan due at the end of this class. Choose an organization according to the following:

• Current employer
• Most recent or former employer
• Place of business that you have patronized or have been familiar with over a long period of time.

Avoid choosing an organization that is so large that historical data would be difficult to apply. Firms in the Russell 2000® index may fit well, whereas firms in the Dow 30 Industrial index probably do not.

The organization can be a start-up that you or a significant other may create in the future. For a start-up, focus on an entrepreneurial idea that is of substantive interest, so this project leaves you with a product you may leverage in the future.

Deliverable 2: Write a paragraph to justify selecting this organization. Include the following:

• The organization's name
• The purpose for this organization
• Why this organization is of interest to you

Availability of organizational data: Avoid selecting an existing organization for which there is no publicly available historical data. Your facilitator will formally approve this choice, or recommend reconsideration, prior to your Research Proposal assignment.

Week 3 Case Study 1
Week 4: Strategic Plan Part 1: External and Internal Environmental Analysis

Complete the external environmental scan for your selected organization. Perform an internal competitive environmental scan for your organization.

Write a summary of no more than 1,400 words that does the following:

• Identifies and analyzes the most important external environmental factor in the remote, industry, and external operating environments
• Identifies and analyzes the most important internal strengths and weaknesses of your organization: include an assessment of the organization's resources
• Assesses the organization's competitive position and possibilities
• Analyzes the structure of the organization and how this affects organizational performance

Format your paper consistent with APA guidelines.

Week 5: Case Study 2
Week 6: Strategic Plan Part 2: Strategic Choice and Evaluation

Write a paper of no more than 1,400 words that evaluates alternatives an organization must consider to realize growth.

• Identify the best value discipline, generic strategy, and grand strategy for your organization.
• Recommend a strategy or combination of strategies the organization should implement.

Format your paper consistent with APA guidelines.
Week 7: Strategic Plan Part 3: Implementation, Strategic Controls, and Contingency Plans

Write a draft of no more than 1,800 words of the strategic plan for your organization, including the following:

- Implementation plan
- Objectives • Functional tactics • Action items • Milestones and a deadline • Tasks and task ownership • Resource allocation
- Any required organizational change management strategies that would enhance successful implementation
- Key success factors, budget, and forecasted financials, including a break-even chart
- Risk management plan, including contingency plans for identified risks

Format your plan consistent with APA guidelines.

Week 8: Strategic Plan Part 4: Final Strategic Plan

Complete a strategic plan for your organization of no more than 3,500 words. Update your plan to incorporate facilitator feedback from the drafts you submitted in previous weeks. Include the following:

- Table of contents
- Executive summary
- Selected organizations background, mission, vision, and value statements. Note. For a start-up, you should focus on the backgrounds and accomplishments of key anticipated management personnel. The goal is to convince the investor that these individuals are trustworthy and successful.
- Environmental scan
- Review of Week 6 strategies and a recommendation for the best strategy for your organization
- Implementation plan including contingency plans for identified risks

Week 9: Final Strategic Plan Presentation

Prepare a Microsoft® PowerPoint® presentation of no more than 15-20 slides. Your audience will play the role of the board of directors or a venture capital firm. The focus is to sell your recommendations to the board or venture capital firm and obtain approval for funding your plan.

Format your plan and presentation consistent with APA guidelines.
