

HOUSING CONTRACT TERMS AND CONDITIONS 2022-2023

The following constitutes the Webster University Housing Contract (the “Contract”). The housing services described in this Contract are being offered under the terms and conditions stated herein. Agreeing to the contract also indicates agreement with the Housing & Residential Life policies and procedures, as well as the Webster University student handbook. Webster’s community includes students and staff of different genders, races, colors, religions, sexual orientations, ability status, and national and ethnic origins. Webster values this diversity, as it contributes significantly towards each student’s social, cultural, and intellectual life and development. Therefore, conduct that violates the rights of others is **grounds for immediate termination of your occupancy in Housing & Residential Life** and/or withdrawal of future university housing privileges. In addition, such conduct may result in participation in the Webster University Student Code of Conduct processes.

Completing and submitting the Housing Application means that you (*hereinafter* “Student” or “Resident”) have read, understood, and agreed to all the terms and conditions of the Contract.

1. Consideration: This Contract is binding, and the Student and/or guarantor shall be responsible for all charges.

2. Description: This Contract is between the Student and the University. The University agrees to lease to the Student, and the Student agrees to lease from the University, the Premises. The “Premises” is defined as including each of the following:

- A. The Student’s sole use of the bedspace and furniture in the room or apartment located at _____;
- B. Together with the other residents of the room or apartment, the Student’s joint use of the Common Areas in the room or apartment and the property (“Common Areas” are those areas within the room or apartment to which the Student has access without going into another bedspace, as well as those areas within the facility to which all residents have general access.)

3. Duration: This Contract is for the entire academic year or remainder thereof after the contract is in effect. Move-in dates will vary for the week of August 16th, 2022, based on area of occupancy. This Contract commences following the signing of this Contract and on the earlier of the date of authorized move-in or August 23, Dates for residents:

- Maria Hall & West Hall
 - Fall: August 16th, 2022, until 5:00PM December 16, 2022
 - Spring: 9:00AM on January 14, 2023 until 5:00PM on May 12, 2023
- East Hall
 - Fall: August 16th, 2022, until 5:00PM December 16, 2022
 - Spring: 9:00AM on January 14, 2023 until 5:00PM on May 12, 2023
- Glen Park, Big Bend, & the Webster Village Apartments (WVA)
 - Fall: August 16, 2022, until 5:00PM December 16, 2022
 - Note: Fall residents may maintain occupancy from December 16, 2022 at 5:01pm – January 14, 2023 at 8:59am.
 - Spring: 9:00AM on January 14, 2023 until 5:00PM on May 12, 2023

4. Placement and Use of Space: This contract is for a space in on-campus and off-campus housing. The University reserves the right to make room changes and to consolidate roommates when necessary; i.e., if a Resident vacates a room, the remaining Resident must be willing to accept another roommate or move to another space when requested by the University to do so. The University in good faith will notify the affected Student(s) with at least 24-hour notice; however, in emergency situations little to no notice may be given. Upon said notice, the Student shall respond to the notice within 12 hours, acknowledging receipt of notice.

A. *Room Consolidations:* Housing & Residential Life reserves the right, when any bed space is unoccupied, to place a new student leasee in the unoccupied bed space, or require a student to move to another space. The Resident agrees that consolidation processes are not grounds for housing termination.

B. *Room Change Requests:* Residents may request a bed space change via their Community Director in Housing & Residential Life. Residents agree to follow the room change request process, which may only be bypassed during the room swap period. If the Resident requests to transfer to a space which carries a difference in rate than that of their original bed space, the Resident will pay the difference in cost on a pro-rated basis as a condition of such a transfer. Ability to transfer is based on availability of space and is not guaranteed.

5. Occupancy: Occupancy of a space is limited to full-time, registered Students at Webster University’s Webster Groves Home Campus. The space may be occupied only by those Students assigned to the premises by the Housing & Residential Life Office. It will be used only as a private residence and for no other purpose. Any guests must be registered with the Housing & Residential Life Office.

A. Occupancy Permit: Residents in the Glen Park and Big Bend are required to obtain and complete an occupancy permit from Webster Groves City Hall prior to move-in. A fee of \$30 is required to receive an occupancy permit. The permit must contain the names and the dates of birth of all residents in the apartment, in addition to the apartment’s address. Residents are required to give a copy of the occupancy permit to the Housing & Residential Life Staff when checking-in to their respective apartment. Residents who do not submit this occupancy permit during check-in have a five-day grace period to submit the occupancy permit from the moment the Resident receives their apartment key. Residents who do not provide the document by the deadline noted above may be subject to either of the following: 1). A space change in which the Resident will be assigned a different space in campus housing or 2). Contract termination and termination fees.

6. Room Assignment and Claiming Space: No room assignment may be made until the Housing & Residential Life Office receives the online Housing Contract and the \$175 deposit. An exception to this is made for Students who fall under the Residency Requirement (see 18a in this Contract), who will be automatically assigned a space in campus housing. Should the Student not submit the \$175 deposit with their contract, it may cause them to be placed after those with deposits. Once assigned, the Student must claim their space before 5:00PM the day after the official opening day of the housing system in any given semester, or by the date designated by the Housing & Residential Life Office if moving in at another point in the academic year. The Student claims their space by formally checking-in to the space in person or by informing the Housing & Residential Life Office that the Student’s arrival will be delayed. The Student’s failure to claim a space could result in reassignment or release of the Student and may result in cancellation fees. Students who fail to notify the Housing & Residential Life Office of a late arrival within 48 hours of the housing system opening, may automatically be released from their Student space and cancellation fees will be placed on the Student’s account.

A. Variability of Rooms: Residents understand that any space(s) shown on the Housing & Residential Life website, during a campus/housing tour, and/or any publicity materials are solely an example of space. Residents further understand that each bed space is different and Housing & Residential Life cannot guarantee the furnishing condition, layout, size of space, or any other amenities provided, other than those provided to all residents as outlined in this contract.

7. Break Housing for Residents in West Hall, East Hall, and Maria Hall: This Contract does not cover housing during the break period between semesters for residents in West Hall, East Hall, and Maria Hall. The residence halls are closed during winter break (between the end of the fall and beginning of the spring semesters). The Webster Village Apartments, Glen Park Apartments, and Big Bend Apartments do not close during the break period between semesters. Contact the Housing & Residential Life Office for information on Break Housing. Students in West Hall, East Hall, and Maria Hall are required to check-out of their space during the break period by the term end dates assigned in this contract (See 3. Duration).

8. Space Condition: A Unit condition Report (UCR) will be available to Students during the move-in process via the online Housing Portal. Within forty-eight (48) hours after the Student moves in, the UCR needs to be completed to provide notice of any additional defects or damages in the Premises – in and around the assigned space, including common areas shared with roommates/suitemates; otherwise, the Premises, fixtures, appliances, and furniture, if any, will be considered to be in clean, safe, and good working condition, and the Student will be responsible for defects or damages that may have occurred before they moved in, along with any damages that occur while the Student is in residence. Except for what the Student informs the Housing & Residential Life Office of, in writing or via the Housing Portal, within the aforementioned timeframe, the Resident accepts the Premises, fixtures, appliances, and furniture in their “As-Is” condition, with all faults and imperfections. No changes will be accepted to the UCR after the initial 48 hours.

9. Meal Plans: All Students living in a residence hall must have a University Blue & Gold Meal Plan at the time of execution of this Contract. Changes to the meal plan can only be made within the first week of each semester (corresponding with the add/drop period for semester courses). If after this time, a Student moves to an area where the meal plan is not required – the meal plan *may* be pro-rated dependent upon the time of year. Pro-ration in this case refers to the total cost of the meal plan divided out amongst the semester, and the Student charged for the period during which they had the meal plan – along with any amount above the pro-ration that the Student spent. Please note that pro-ration of a meal plan is rare and only available for very extenuating circumstances. At the end of the fall semester, any unused, remaining points will carry over to the next semester. At the end of the spring semester, any remaining points that are unused are deleted from the Student’s meal plan account. Students cannot receive a refund for partially or unused meal plan points.

10. Housing Costs, Activity Fee, and Additional Charges: All housing, meal plan, damage, cleaning, and miscellaneous charges will be placed on the Student account as applicable. An activity fee of \$60.00 per semester is required of all Resident Students; this fee will also

appear on the Student's account. If a Student terminates their contract, the activity fee is non-refundable.

11. Utilities: The University agrees to furnish electricity, gas, water, local phone, internet, sewer, and garbage collection for the space. All utilities may be used only for normal household purposes and must not be wasted. The University will not be liable for any interruption, surge, or failure of utility services provided by it to the Premises or any damage directly or indirectly caused by the interruption, surge, or failure. Further, the University does not guarantee the presence of items in a space to fully utilize each utility (ex., a router for internet access). In the event of an interruption, the Housing and Residential Life Office will notify the affected Students in a timely manner via their Webster email account.

12. Inspection of Room, Apartment, and property: The Housing & Residential Life Office reserves the right to inspect spaces and property at any time for damage; unsafe, illegal or unhealthy conditions; to determine whether or not the residents are performing and observing all agreements as outlined in this Contract and Residential Life policies and procedures; to make any necessary repairs/inspections; to perform routine health and safety checks; and/or to verify occupancy. The Housing & Residential Life Office also reserves the right to access the apartments and property at all reasonable times for the purpose of showing facilities to prospective Resident Students. Any illegal items or items prohibited in University Housing may be confiscated and disposed of if necessary. Students will be held responsible for possession of any policy violations and illegal items.

13. Maintenance, Alteration, and Repairs: The Student is responsible for, and will take good care of, the Premises and Common Areas. The Student will not remove any of the University's property, and the Student will not perform any repairs, painting, wall papering, electrical changes, or other alterations of the Premises without the University's prior written consent. The University can require the Student to pay for the cost of all repairs made necessary by the Student, their guests or any other person's violation, or circumstance created by the Resident or their guest, which caused a breach of Contract, or the negligent or careless use of the Premises or any part of the property. Except in the event of an emergency, if the Student has a request for repairs or services to the Premises, the request must be in writing to the University. In case of malfunction of utilities or damage by fire, water, or similar cause, the Student must notify the University immediately. Additionally, the Student is required to notify the University of any condition, which the Student reasonably believes poses a material hazard to health or safety. Upon receipt of the notice, the University will act with reasonable diligence in making repairs and reconnections. With or without notice, the University can temporarily turn off equipment and interrupt utilities to avoid property damage or to perform work requiring such interruption as determined in its judgment. The University will not be liable for any inconvenience, discomfort, disruptions, or interference resulting from these repairs, alterations, or improvements to the Premises or the property.

A. Duty to Maintain: The Resident is responsible for taking reasonable steps to keep the assigned space in good condition and to notify Housing & Residential Life immediately of any conditions that require a repair or other attention. The Resident agrees to take reasonable steps to prevent or minimize the growth of mold and mildew within the space. The Resident shall (i) remove any visible moisture accumulation in or on the space, including on the walls, windows, floors, under the kitchen sink [as applicable] or in the pantry, ceilings, and bathroom; (ii) mop up spills and thoroughly dry affected areas as soon as possible after a moisture occurrence; (iii) use exhaust fans where available when necessary; and (iv) keep the climate and moisture in the space at reasonable levels. Residents agree to keep the space in a tidy condition, particularly any shared spaces in sanitary condition. **Residents shall promptly notify Housing & Residential Life of any of the following conditions via the Emergency Work Order Process (<https://webster.edu/housing/current.php>): (i) water overflow, intrusion or leakage, excessive moisture, or standing water inside the bed space or in any common areas; (ii) mold or mildew growth in or on any bed space that persists after attempting to remove with a household cleaning solution; (iii) a malfunction in any part of the HVAC system.** The Resident agrees to maintain the space in a manner that prevents the occurrence of an infestation of bed bugs and other pests. The Resident shall immediately notify Housing & Residential Life of the presence of any pests and shall (i) keep the space in a clean and sanitary condition at all times and not introduce any furniture or textiles from unknown sources into the apartment; (ii) cooperate with Housing & Residential Life in eradicating any pests and take the measures recommended by the University's qualified expert; (iii) immediately notify Housing & Residential Life of any reinfestation or indications treatment has been ineffective. If a Resident fails to observe these requirements and there are instances of infestation of bedbugs or other pests that cannot be traced to another source, the Resident will be responsible for the cost of treatment to the space and any costs associated with cleaning/treating any other portions of the property as necessary to eradicate the infestation.

B. Damage or Destruction of Premises or property: If, in the opinion of Housing & Residential Life, the Premises or bed space should become uninhabitable during the term hereof because of damage or destruction by fire or other casualty, the University shall have the right to move the Resident to accommodations within the Housing system and repair/restore the damaged area(s). Housing & Residential Life shall defer to section 18(F) regarding contract termination, in the event that the Housing system is not able to accommodate a bed space shift. The Resident cannot enact the termination process for such a situation if a bed space is available.

C. Resident Requirements: Resident agrees to follow all of the University’s guidelines and requirements regarding the continued maintenance of the Premise by Facilities staff members, including, without limitation, performing additional sanitation and hygiene measures, maintaining social distancing requirements from staff members, and meeting face mask/covering requirements while staff are present within the Resident’s space. The Resident recognizes that due to the nature of communal living and Facilities work, not all maintenance can be scheduled in advance. The Resident will work with Facilities to reschedule any non-emergent work if the Resident is otherwise occupied during the initial endeavor.

14. Safety: The Student must exercise due care for their and others’ safety and security. The Student is responsible for reading the emergency procedures located online. None of the University’s safety measures are an express or implied warranty of security or are a guarantee against crime or of a reduced risk of crime.

A. COVID-19 Risk and Additional Terms: The risk of the transmission of COVID-19 and other communicable diseases may increase in a residential setting or other group living situations, simply because people are more likely to be living in close proximity and sharing communal spaces. COVID-19 is an extremely contagious disease that can lead to severe illness and death. These risks cannot be eliminated but can be mitigated by practicing good prevention behaviors as outlined by the Centers for Disease Control (“CDC”) such as frequently washing your hands with soap and water, refraining from touching your face before sanitizing your hands, utilizing face coverings, Personal Protective Equipment (PPE), and social distancing. The Resident should only utilize the bathroom that is dedicated for the assigned side of the suite/apartment. Additionally, Residents who reside in shared bedroom spaces should complete and adhere to the shared space agreements for the living area. The University reserves the right to adjust occupancy in shared spaces and to adjust other normal procedures, including the means and methods of delivering educational instruction, in the interest of maintaining the health and safety of students, faculty, and staff. The University may continue to implement and modify its health and safety protocols, including cleaning protocols, as may be mandated by federal or state directives and as suggested by the CDC. Upon reasonable notice, the University reserves the right to terminate the Contract due to public health emergencies, including COVID-19.

B. Quarantine/Separation: At any time the University may request or require a Resident to leave their assigned space when the University reasonably concludes that Resident’s continued presence at the Premises poses an actual or potential health or safety risk for community members. Residents are required to comply with such requests to leave their assigned rooms and the Premises due to COVID-19 or other public health emergency and failure to do so is a violation of this Contract and may subject a resident to emergency removal from their assigned space or Premises. A Resident recommended to self-quarantine or self-isolate may not be permitted to continue residing in their room and will be provided alternative housing arrangements to the extent available. Removal from one’s existing assignment to isolate or quarantine or relocation to facilitate de-densifying does not constitute a termination of this Contract.

15. Liability: Neither Webster University nor its representatives will be liable to the Student nor any of their guests for injury, damage, criminal action, theft, vandalism, casualty, or loss to person or property, including but not limited to death. The Student hereby releases the University from all liability for and waives any and all right(s) to bring a claim against the University for:

- A. All costs due to loss, theft, or damage to Student’s personal property. The Student agrees to ensure they are adequately insured for such losses. The Student may find that they have personal property insurance coverage under the homeowner’s insurance policy of a parent or legal guardian. The University urges Students to obtain their own insurance to cover any potential losses.
- B. All costs for medical or mental health services for illness, injury, emergency services, hospitalization, or treatment.

16. Force Majeure: If the University’s performance hereunder is materially hampered, interrupted, or rendered impossible, hazardous, or interfered with by reason of fire, flood, casualty, lockout, act(s) of God, riots, terrorism, strikes, labor difficulties, epidemics, pandemics, earthquakes, any act or order of any public authority, administrative or judicial regulations, order or decree or by any local or national emergency, and/or any other cause or event, similar or dissimilar, beyond the University’s control, the University shall be excused from performance of this Contract and will not have any liability in connection therewith.

17. Applicant Background Information: Applicants who have been convicted of, or plead guilty to, a misdemeanor or felony may be required to go through an interview as part of the acceptance and assignment processes to live on campus. Webster University reserves the right to access any information made available through state and federal sources, as well as conduct any background checks it deems necessary consistent with applicable law. Applicants, who have been suspended or dismissed from a school or college, or required to leave campus housing, may be required to go through an interview as part of the acceptance and assignment processes to live on campus. The University reserves the right to access any information made available through other schools or colleges. The University reserves the right to refuse housing based on the information obtained during such an investigation. The Dean of Students (or designee) will convey any decisions regarding application to reside on campus. Failure to accurately indicate felony or misdemeanor convictions, suspensions or dismissals from other schools or colleges, or removals from campus housing, on the housing application will result in non-acceptance or dismissal from on-campus housing. Further, failure to adequately provide the requested information may result in Student participation in the Student Code of Conduct process.

18. Conditions Governing Cancellation or Termination:

Cancellation: A cancellation occurs between the date of signing the contract (online housing contract) and the start of the Contract term (date of assigned entry). If you wish to cancel the housing contract after you have moved in, that becomes a Request for Termination. Cancellations must be submitted in writing with the Student name and ID number. Cancellation fees are dependent upon date and are available at www.webster.edu/housing.

Termination: Contract Termination refers to the dissolution of a University Housing contract prior to its natural expiration. Specifically, a termination occurs anytime a contract ends between its start date (date of assigned entry) and its end date. A “Request for Termination of Housing Contract” must be completed to request a termination of this Contract. These requests are not guaranteed. This form is available online via the Housing Portal. Forfeiture of deposit and/or termination fees may apply. These rates are available online at www.webster.edu/housing.

Conditions include the following:

- A. **Academic Dismissal:** A Student removed from University Housing or the University, due to academic dismissal, must leave University Housing within 24 hours of such notification. The unused portion of the room charge payment, less any damages and outstanding obligations to the University, will be pro-rated to the Student’s account and may be refunded in accordance with the University’s refund policy. The deposit is subject to forfeiture and/or termination fees may apply.
- B. **Disciplinary Dismissal:** A Student removed from University Housing or the University, as a result of disciplinary action, must leave University Housing within the timeline allotted by the Student Code of Conduct process. The unused portion of the room charge payment, less any damages and outstanding obligations to the University, will be pro-rated to the Student’s account. The deposit is subject to forfeiture and/or termination fees will apply.
- C. **Non-Attendance at the University:** The Student who requests in writing to cancel this Contract on or after May 1, 2020, but who does not attend the University the following semester, will forfeit the \$150 deposit and/or cancellation fees will apply.
- D. **Attendance at the University:** The Student who requests in writing to cancel on or after May 1, 2021, but who attends the University the following semester, will make room charge payments (room and board) for the entire period of the Contract (full academic year) until written notice of cancellation is received and approved by the Housing & Residential Life Office. If the Student is released based upon withdrawal, and then re-registers for classes during the term of the Contract, the Student will still be obligated to this Contract for room, board, and other housing fees.
- E. **Refusal:** The University reserves the right to refuse admission or re-admission to University Housing to a Student or void the Contract for reasonable cause. In such cases, the unused room charge payment, plus the deposit, less any damages and outstanding obligations to the University, will be pro-rated and applied to the Students account and may be refunded in accordance with the University’s refund policy.
- F. **Emergency:** If fire or other casualty makes the space uninhabitable, the University may terminate this Contract within a reasonable time after such determination by giving the Student written notice. If the University terminates the Contract, and the Student did not cause the loss, the University will refund prorated, prepaid housing charges and all deposit(s), less any deductions, which may be provided in this Contract. In such case, the University shall have no obligation to provide alternate housing.

19. Duties, Rights, and Remedies

- A. **Residency Requirement:** All freshmen enrolled at the St. Louis main campus are required to live on campus for their first two years at Webster University. Exceptions to this requirement are granted for freshmen living with their parents or legal guardians within a 35-mile radius of the main campus in Webster Groves. Undergraduate International Transfer Students are also required to live on campus for their first year enrolled in classes at the main campus. Additionally, all study abroad Students (undergraduate and graduate) who study abroad at any of the St. Louis Metro campuses are required to reside in on-campus housing for the duration of their study abroad experience. All site transfer Students are required to reside on-campus for their first year enrolled at the Webster Groves campus.
- B. **Student Health Requirements:** All residents are required to submit a completed Student Health Packet and carry health insurance, whether their own or the Webster University Student Insurance Plan. Students will automatically be charged for the Webster University Student Insurance Plan until proof of own insurance coverage (e.g., a photocopy of their insurance card) and the completed Student Health Packet are received and approved by Health Services. The completed packet and proof of own insurance coverage must be submitted to the Health Services Office by the tenth (10th) day of the semester for which the Student moves into University housing. Residents who do not provide appropriate documents by the deadline noted above may not be allowed to move into University housing and will be subject to some or all Webster University Student Insurance Plan charges.

- (1) Due to the communal nature of living in University Housing, there are vaccine requirements. Full and updated information on

vaccines is available at www.webster.edu/student-health-services.php. Currently all residents in East, West, Maria, Webster Village Apartments, Glen Park, and Big Bend, are required to provide proof of the following vaccinations as part of their Health Packet: COVID-19 (boosters not required), MMR vaccination (two doses of the MMR vaccine), and Meningitis (If given before age 16 a booster is also required). The University reserves the right to update vaccine and health requirements, and updates to said requirements are not considered approved grounds for cancellation or termination of the Housing contract.

C. **Compliance:** Rules and regulations appearing in the Student Code of Conduct for Webster University, the Webster University Student Handbook, the Residential Life Handbook Policies and Procedures, University health and safety policies, mutually agreed upon addendums to this Contract, and other policies promulgated by the Housing & Residential Life Office are made part of this Contract by reference. Residents are responsible for reviewing, knowing, and adhering to all applicable policies. The Residential Life Handbook Policies and Procedures can be viewed at www.webster.edu/housing or can be sent via surface mail prior to Student check-in with a written request. These rules and policies are considered to be a part of this Contract, and the Housing & Residential Life Office can revise, amend, expand, or discontinue the rules and policies at any time, and will provide reasonable notification to residents of such changes. Students must also comply with applicable laws, orders, ordinances, regulations. While the University aims to protect the health and safety of residents, Resident experience may be impacted as the University continues to make public-health informed decisions. To the extent reasonably practicable, the University will endeavor to update you with timely information about specific health and safety guidance important for residents. All health and safety policies of the University are incorporated herein by reference. All Students must comply with the health and safety policies of the University. Adherence to any health and safety requirements that the University reasonably deems appropriate applies to all residents, staff, guests and visitors and extends to all aspects of residential living, including rooms, bathrooms, apartment s and Common Areas.

D. **Government & University Guidelines:** The Resident agrees, when on the Premises, to follow all federal (including the CDC), state, and local guidelines and recommendations regarding social distancing, hygiene, and the use of face masks/coverings, as well as all University and community specific guidelines and requirements regarding the same. These guidelines are subject to change. The University and/or Housing & Residential Life will communicate any changes via email or signage to the Resident. In the event of conflicting guidelines, the Resident should adhere to those set by the University.

E. **Abandoned property:** Any property left by a Student will be considered abandoned and may be disposed of accordingly by the University. In the event a Student refuses to surrender possession of the assigned space after this Contract terminates, the Student consents to the University removing all property from the assigned room and placing it in storage at the Student's expense for a period not to exceed fourteen (14) days. The Student agrees to reimburse the University for all Storage Fees and expenses and to recover the property prior to the expiration of the fourteen (14) days, or it will thereafter be deemed abandoned.

F. **Respect of Privacy:** The University will make reasonable efforts to respect the privacy of Students and give prior notice, if possible, of entry into the Student's room for purposes of inspection and verification of occupancy, improvements, repairs, orderliness, Resident health and safety, and compliance with the terms of this Contract, including University policies, rules, and regulations. However, the University reserves the right of entry, without notice, in emergency situations posing a threat to life or property and for such purposes as are reasonably necessary to preserve Resident health and safety, campus order, and discipline.

20. Accommodations for Students with a Disability, Injury, Illness or Other condition: The University is committed to provide equal access to its residence life facilities and will give full consideration to all student requests for reasonable accommodations (temporary or long-term) needed as a result of a access concern, disability, injury, illness, or other disabling condition. It is the responsibility of the student needing an accommodation to make application for such accommodations through the Webster University Academic Resource Center (Loretto Hall, room 40-48, 470 E. Lockwood Ave., St. Louis, MO 63119; Phone: (314)-246-7620). All requests for accommodations must be accompanied by relevant and current documentation verifying the Student's diagnosis and their need for the specific accommodation(s) requested.

21. Waiver: Resident, for Resident and Resident's executors, administrators, heirs and assigns, releases and holds University harmless from any and all rights and claims which Resident, individually or jointly, may have or which may hereafter arise against the University, and any of the University's members, directors, trustees, officers, employees, contractors, agents, and assigns (collectively, the "Released Parties"), for damages, losses, demands and any other actions related to the Student's use of the Common Areas, room or apartment, including but not limited to those related to the potential exposure to COVID-19, to the extent such waiver is permitted by law. Resident acknowledges this waiver is supported by valuable consideration set forth in this Contract, including without limitation access to University housing under the terms of this Contract, which access would be denied absent Resident's acceptance of this waiver. This waiver includes but is not limited to any and all injuries, damages or illnesses suffered by the Resident, which may, directly, indirectly or in any way whatsoever, arise out of, be proximately caused by, related to or connected with the Resident's use of or presence in the Premises, **including any injuries, damages or illnesses arising out of or caused by the present or future negligence of any of the Released Parties.** This waiver is not intended to cover intentional torts or any claim whose prospective waiver is not permitted by applicable law. Resident acknowledges and understand that by residing in a University room or apartment, Resident assumes the risks associated with communal living and, as in any shared living environment, those risks include potential exposure to

communicable diseases, including but not limited to COVID-19.

22. Non-Discrimination: Webster University ensures high quality learning experiences that transform students for global citizenship and individual excellence. As such, the University does not discriminate on the basis of age, sex, race, religion, color, ethnic/national origin, disability, sexual orientation, gender expression, or veteran status. Grievances should be pursued according to the Student Grievance Policy and Procedure described within the Student Handbook
